KIBET EMMANUEL

PUBLIC HEALTH INSPECTOR & ICT FIELD OPERATIONS SPECIALIST

Amudat District, Karamoja, Uganda | Languages: English, Swahili, Pokot, Karimojong

Multipurpose and results-oriented professional with a demonstrated history of expertise in environmental/ public health, biometric field operations, demographic data collection and a diverse range of ICT enterprise management. Effective at executing first line WASH programs including CLTS/PHAST, supervising large-scale national civil registration and vital statistics (NCRVS) data management systems at NIRA and UBOS, and co-founding local digital technical services.

PROFESSIONAL EXPERIENCE

Environmental Health Assistant / Public Health **2023 – 2024**

Amudat HC II & Alakas HC II

- Direct sanitation inspections, disease surveillance, and community hygiene initiatives (CLTS & PHAST methodologies) across primary health facilities.
- Formulate annual facility environmental health workplans, overseeing water safety, community triggering, and facility compliance.
- Compile official district birth notifications and vital statistics, ensuring data accuracy for local and regional reporting.

Biometric & Identity Field Specialist **2024 – Present/ 2026 EC**

NIRA Uganda & Electoral Commission

- Execute biometric data capture, field verification, and voter registration during high-stakes national enrollment drives.
- Supervise Registration Assistants, issuing strict protocol guidelines for error-free data entry and document scanning compliance.
- Maintain and troubleshoot portable biometric kit hardware, ensuring minimal downtime in remote field environments.

Census Enumerator **2024**

Uganda Bureau of Statistics (UBOS)

- Conducted digital mobile data collection, spatial household mapping, and demographic surveys across designated enumeration areas.
- Audited raw field data quality to ensure high integrity and precision for national census integration.

Volunteer Community Intermediary **2022 – 2023**

ActionAid International Uganda

- Facilitated community mobilization, SRHR awareness, and GBV prevention campaigns in rural Karamoja communities.
- Led grassroots needs assessments and public relations efforts to bridge institutional outreach with community adoption.

Founder & Lead Technologist **2021 – Present**

Domos Digital / Domos Prints & Stationery

- Deliver hardware diagnostics, OS deployments, network configurations, and mobile financial services (MTN/Airtel).
- Manage hyper-local news publishing, digital document workflows, and graphic design for community enterprises.
